# ESSENTIAL INFORMATION TO KNOW BEFORE YOUR VISIT

## OPENING HOURS

9:00 - 20:00

## SPOT OVERVIEW

Kalpitiya takes pride in its expansive lagoon and numerous flat water spots (winter and summer seasons), as well as a few wave spots perfect for beginners in kitesurfing and wing foiling (summer season). Our winter season runs from mid-December to mid-March and offers winds from the NW averaging 15-22 knots. The summer season runs from May to mid-October and provides slightly stronger winds from the SW (18-30 knots). Both seasons offer a warm tropical climate, with conditions that are always beginner-friendly and can be enjoyed by experts, thanks to consistent winds and flat water in the lagoon. Depending on the season you choose to visit, the spot selection for kite safaris and boat trips will vary.
